

Central Huron Secondary School

Princess Street
Clinton, ON

Name: _____

Date: Sunday, March 20, 2011

Teacher: Mrs. Vercruyssen

Course: Communications Technology, Grade 11, University/College,
Photography Focus Course

Lighting Assignment

Students are to apply their lighting techniques to compose 6 shots which will demonstrate 6 different lighting styles. Each photo requires a write up to discuss the technique and camera settings.

Expectations: 11A1, 11A2, 11A3, 11B3, 11D1, 11A1.1, 11A1.2, 11A1.3, 11A3.1, 11B3.1, 11B3.2, 11D1.2

Criteria	Level 4 (80% - 100%)	Level 3 (70% - 79%)	Level 2 (60% - 69%)	Level 1 (50% - 59%)
Knowledge and Understanding				
apply composition techniques to create still images	applies composition techniques to create still images with a high degree of effectiveness	applies composition techniques to create still images with considerable effectiveness	applies composition techniques to create still images with some effectiveness	applies composition techniques to create still images with limited effectiveness
demonstrate safe use of equipment, materials and processes	routinely uses and promotes use of equipment, materials and processes safely	often uses equipment, materials and processes safely	occasionally uses equipment, materials and processes safely	infrequently uses equipment, materials and processes safely
describe concept providing details	description of concept provides thorough details	description of concept provides considerable details	description of concept provides some details	description of concept provides limited details
explain various concepts as they apply to projects in communications technology	explains various concepts as they apply to projects in communications technology with expert understanding	explains various concepts as they apply to projects in communications technology with considerable understanding	explains various concepts as they apply to projects in communications technology with some understanding	explains various concepts as they apply to projects in communications technology with limited understanding
select appropriate formats for projects	always or almost always selects appropriate formats for projects	often selects appropriate formats for projects	sometimes selects appropriate formats for projects	rarely selects appropriate formats for projects
set-up all communications equipment	sets-up all communications equipment with excellent effectiveness	sets-up all communications equipment with considerable effectiveness	sets-up all communications equipment with some effectiveness	sets-up all communications equipment with limited effectiveness
use industry-standard conventions for composition and design	uses industry-standard conventions for composition and design with expert success	uses industry-standard conventions for composition and design with considerable success	uses industry-standard conventions for composition and design with some success	uses industry-standard conventions for composition and design with limited success
use correct terminology in oral and written reports	always or almost always uses correct terminology in oral and written reports	often uses correct terminology in oral and written reports	sometimes uses correct terminology in oral and written reports	rarely uses correct terminology in oral and written reports
Thinking				
assess personal communication technology skills	assesses personal communication technology skills with thoughtful insight	assesses personal communication technology skills with considerable insight	assesses personal communication technology skills with some insight	assesses personal communication technology skills with limited insight
demonstrate trouble shooting and testing skills	demonstrates expert trouble shooting and testing skills	demonstrates considerable trouble shooting and testing skills	demonstrates some trouble shooting and testing skills	demonstrates limited trouble shooting and testing skills

Communication				
describe concept clearly	describes concept with a high level of clarity	describes concept with considerable clarity	describes concept with some clarity	describes concept with limited clarity
use of detail, reflection and goal setting	Extensive detail and reflection on the photo. Extensive use of terminology from the unit. Self assessment and goal setting.	Considerable detail and reflection on the photo. Considerable use of terminology from the unit. Considerable self assessment and goal setting.	Some use of detail and reflection on the photo. Some use of terminology from the unit. Some self assessment and goal setting.	Limited detail and reflection on the photo. Limited use of terminology from the unit. Limited self assessment and goal setting.
Application				
apply safe work practices	always or almost always applies safe work practices	often applies safe work practices	sometimes applies safe work practices	rarely applies safe work practices
create appropriate environments for communications productions	always or almost always creates appropriate environments for communications productions	often creates appropriate environments for communications productions	sometimes creates appropriate environments for communications productions	rarely creates appropriate environments for communications productions
use all equipment correctly	always or almost always uses all equipment correctly	often uses all equipment correctly	sometimes uses all equipment correctly	rarely uses all equipment correctly
use problem-solving skills to complete projects	always or almost always uses problem-solving skills to complete projects	often uses problem-solving skills to complete projects	sometimes uses problem-solving skills to complete projects	rarely uses problem-solving skills to complete projects
